

CalTaxSM

Established 1926

2015 Voting Record

Founded in 1926, the California Taxpayers Association is the state's largest and oldest organization representing taxpayers. Established as a nonpartisan, nonprofit research and advocacy association, CalTax has a dual mission to guard against unnecessary taxation and to promote government efficiency.

CalTax Voting Record 2015

Bill Descriptions

AB 99 (Perea) – Relief for Taxpayers Who Went Through Foreclosure

This legislation would have allowed taxpayers to exclude from income specified mortgage debt that was cancelled before January 1, 2015, due to a loan modification (involving principal reduction) or foreclosure on a residence – in conformity to the federal Tax Increase Prevention Act of 2014, which President Obama signed into law December 19, 2014. CalTax supported the bill because it advanced conformity to federal law and acknowledged that taxpayers in foreclosed mortgages are unlikely to be able to afford taxes on phantom income from forgiven debt.

CALTAX POSITION: Support

STATUS: Vetoed

VOTES: Assembly Floor - June 1
Senate Floor – September 1
Coauthor: Senator Cannella

AB 102 (Rodriguez) - Tax on Hazardous Waste Transported by Surface Carriers

This bill would establish a schedule of “fees,” determined by the director of the Governor’s Office of Emergency Services, assessed on the owners of hazardous waste at the time the waste is transported by rail or surface transportation. “Fee” revenue would fund a state program for responding to rail and surface transportation hazardous waste spills. CalTax opposes the bill because it distorts the nature of a regulatory fee by funding future mitigation efforts that may or may not be necessary.

CALTAX POSITION: Oppose

STATUS: Asm. Environmental Safety and Toxic Materials

AB 154 (Ting) – Conforming State and Federal Tax Laws

This omnibus federal tax conformity legislation more closely aligns California’s tax laws to federal laws. CalTax supported this bill because tax conformity reduces the potential for California taxpayers to make costly errors when filing, and also improves the efficiency and the effectiveness of the state’s administration of income and corporate franchise taxes.

CALTAX POSITION: Support

STATUS: Signed

VOTES: Senate Floor – August 31
Assembly Floor – September 2

AB 405 (Brough) – Correcting Inequity in Interest Rates on Tax Refunds

This bill would revise the interest calculation provisions in the State Board of Equalization’s tax and fee programs so the rate of interest allowed on refunds of tax and fee overpayments would be the same as the rate calculated on underpayments. CalTax supports this bill because the inequity in interest rates is unfair to taxpayers. Interest is supposed to be compensation for the use of money, not a revenue-raising function or an additional penalty on taxpayers.

CALTAX POSITION: Support

STATUS: Asm. Appropriations

VOTES: Asm. Revenue & Taxation – April 27

AB 464 (Mullin) – Higher Local Sales and Use Taxes

This bill would have increased the combined maximum state and local sales and use tax rate to 10.5 percent for most local governments. CalTax opposed the bill because California already has the highest sales and use tax rate in the country, and higher local sales taxes would harm the economy by increasing the cost of doing business in this state, and making it harder for California's lowest-income residents to budget and purchase everyday necessities.

CALTAX POSITION: Oppose

STATUS: Vetoed

VOTES: Senate Floor – July 13

Assembly Floor – July 16

Coauthors: Assembly Members Frazier and McCarty, Senators Allen and Hill

AB 567 (Gipson) – Disclosure of Confidential Tax Information

Prior to amendments that replaced the bill's provisions with entirely new subject matter, this bill would have allowed the State Board of Equalization and county assessors to disclose to the public otherwise confidential taxpayer information relating to some California property owners. CalTax opposed the bill because there is no valid reason to begin violating taxpayers' fundamental right to privacy of tax information.

CALTAX POSITION: Oppose

STATUS: Provisions Deleted From Bill in a Gut-and-Amend Maneuver

VOTES: Assembly Floor – May 28

Sen. Governance & Finance – July 8

AB 809 (Obernalte) – Local Tax Election Transparency

This bill requires local ballots with tax proposals to list the rate and duration of the proposed tax, and the amount of revenue the tax is expected to raise annually. CalTax supported the bill because it ensures that voters will be provided with critical information when making important decisions about tax policy.

CALTAX POSITION: Support

STATUS: Signed

VOTES: Assembly Floor – May 22

Senate Floor - August 27

AB 1007 (McCarty & Mark Stone) - Minimum Wage Increase

The bill would increase the minimum wage to an amount necessary to keep a family of three above the supplemental poverty level established by the U.S. Census Bureau. CalTax opposes the bill because the mandate would overwhelm many businesses that already are struggling with the recent minimum wage increase and other cumulative costs imposed in California.

CALTAX POSITION: Oppose

STATUS: Asm. Labor & Employment

AB 1100 (Low and Bloom) – Tax on Filing an Initiative

This bill increases the cost of filing an initiative from \$200 to \$2,000. The "fee" will be refunded if the initiative qualifies for the ballot within two years of being filed, or will be deposited into the general fund if the measure fails to qualify. CalTax opposed the bill, noting that under Proposition 26, the "fee" is a tax, because in some cases it would be deposited into the general fund to finance education, corrections, social services and other programs that have nothing to do with the cost of filing an initiative. The bill did not receive a two-thirds vote, and thus failed to meet the requirements of Proposition 26.

CALTAX POSITION: Oppose

STATUS: Signed

VOTES: Senate Floor – August 17

Assembly Floor – August 20

AB 1203 (Jones-Sawyer) – Surcharge on Fire Insurance Policyholders

This bill would repeal the state’s fire tax (officially dubbed a “fire prevention fee”) and replace it with a surcharge on each commercial and residential fire insurance and multi-peril insurance policy issued or renewed on or after January 1, 2016. CalTax opposes the bill because it fails to provide a specific benefit to some of those who would pay, and because taxpayers already fund fire services with property taxes and special taxes.

CALTAX POSITION: Oppose

STATUS: Asm. Gov. Organization

VOTES: Asm. Gov. Organization – April 30

AB 1335 (Atkins) – Tax on Recorded Real Estate Documents

This bill would impose a \$75 tax on most recorded real estate documents, to raise funds for affordable housing and other housing-related programs. For example, families trying to avoid a foreclosure by refinancing would face an additional \$225 in recording taxes for a single transaction. CalTax opposes the bill because it would increase the cost of owning a home by singling out homeowners who need documents recorded, rather than enacting comprehensive reforms that would make housing more affordable.

CALTAX POSITION: Oppose

STATUS: Assembly

VOTES: Asm. Appropriations – May 28

Coauthors: Assembly Members Chau, Chiu, and Gordon, Alejo, Bloom, Bonilla, Bonta, Cooper, Gonzalez, Lopez, Low, McCarty, Mullin, Rendon, Santiago, Mark Stone, Ting, and Weber. Senator Hill

AB 1357 (Bloom) – Tax on Sweetened Beverages

This bill would impose a tax on every person, manufacturer and wholesale dealer who receives, stores, manufacturers, bottles or distributes sugar-sweetened beverages, at a rate of 2 cents per fluid ounce (24 cents per typical 12-ounce can). CalTax opposes the bill because imposing a regressive \$2.56-per-gallon tax on sugar-sweetened beverages would further exacerbate what already is one of the worst state tax climates in the country, even as the state is collecting unanticipated surplus revenue.

CALTAX POSITION: Oppose

STATUS: Asm. Health

VOTES: Asm. Health – May 12

Coauthors: Assembly Members Chiu and Rendon

AB 1494 (Levine) – Tax on Political Speech

This bill would increase election costs by imposing a tax on independent expenditure committees, to generate funds for government programs designed to increase voter participation. CalTax opposes the bill because taxing political speech is the wrong approach. There are other changes that the state should consider to increase voter turnout.

CALTAX POSITION: Oppose

STATUS: Asm. Elections & Redistricting

VOTES: Coauthors: Senators Allen and McGuire

ABX2 4 (Levine) – Managed Care Organization Flat Tax

This bill repeals the support services sales tax on providers of in-home supportive services, and establishes a managed care organization provider tax on providers of Medi-Cal services, at a rate of \$7.88 per plan enrollee. CalTax opposes the bill because it is a targeted tax that penalizes responsible employers and individuals who purchase health insurance.

CALTAX POSITION: Oppose

STATUS: Asm. Public Health & Developmental Services

VOTES: Coauthors: Assembly Members Bloom, Brown, Chau, Chu, Cristina Garcia, Roger Hernández, Jones-Sawyer, McCarty, Nazarian, Quirk, Rendon, Mark Stone, and Williams

ABX2 10 (Bloom) – Authorization for Local Taxes on Smokers

This bill would authorize counties to impose excise taxes on cigarettes and tobacco products, with no guidelines or restrictions on tax rates that could be imposed. CalTax opposes the bill because it would open the door for a tax that obstructs opportunity for low- and middle-income taxpayers, and because local taxes on tobacco would exacerbate the problem of criminals smuggling cigarettes into California.

CALTAX POSITION: Oppose

STATUS: Assembly

VOTES: Asm. Public Health & Developmental Services – August 25

ABX2 18 (Bonilla) – Tax Increase on Distilled Spirits

This bill would impose a five-cent surtax on every beverage containing distilled spirits sold from on-sale licensees in California, and would require the State Board of Equalization to increase the rate annually. CalTax opposes the bill because it would impose a regressive tax that would be harmful to California's business climate, at a time when state revenue already is increasing significantly under the existing tax structure.

CALTAX POSITION: Oppose

STATUS: Assembly

VOTES: Asm. Public Health & Developmental Services – September 8
Asm. Finance – September 11
Coauthors: Assembly Members Thurmond, Eggman, Frazier, Cristina Garcia, Gonzalez, Mark Stone, and Wood

ABX2 19 (Bonta and Levine) - Tiered Managed Care Organization Tax

This bill imposes a managed care organization provider tax (MCO tax) on health plans, with different tiers based on enrollment. CalTax opposes the bill because it would make health insurance less affordable for millions of Californians who purchase coverage on their own.

CALTAX POSITION: Oppose

STATUS: Asm. Public Health & Developmental Services

SB 3 (Leno) – Increase in Mandated Minimum Wage

This bill would increase California’s minimum wage from \$10 per hour to \$11 per hour after January 1, 2016, and to \$13 per hour beginning July 1, 2017, with annual automatic increases beginning in 2019. CalTax opposes the bill because the mandate would overwhelm many businesses that already are struggling with the recent minimum wage increase and other cumulative costs imposed in California, and because auto-pilot increases in the mandate are inappropriate.

CALTAX POSITION: Oppose

STATUS: Asm. Appropriations

VOTES: Senate Floor – June 1

Asm. Labor & Employment – July 8

Coauthors: Senators De León, Hancock and McGuire. Assembly Members

Gonzalez, McCarty, Mark Stone, and Ting

SB 8 (Hertzberg) – Sales Tax on Services

This bill proposes to expand the state’s retail sales tax to services. CalTax opposes this bill because a tax increase of more than \$100 billion a year on Californians and their employers, at a time when many people are unemployed, would prove harmful to our economy.

CALTAX POSITION: Oppose

STATUS: Sen. Governance & Finance

SB 32 (Pavley) – Arbitrary Emissions-Reduction Mandate

This bill would mandate a reduction in greenhouse gas emissions to 80 percent below 1990 levels by 2050, with no consideration of the ramifications on California’s economy. CalTax opposes this bill because mandating arbitrary emission-reduction levels more than 30 years into the future would damage the economy, increase the cost of living and doing business in California, and put people out of work.

CALTAX POSITION: Oppose

STATUS: Rejected by Assembly

VOTES: Senate Floor – June 3

Assembly Floor – September 8

Coauthors: Senators Allen, Beall, Block, De León, Hancock, Hill, Jackson, Leno, Liu, McGuire, Mitchell, Monning, Wieckowski, and Wolk. Assembly Members Bloom, Chau, Chiu, Chu, Cristina Garcia, McCarty, Quirk, Rendon, Mark Stone, Thurmond, Ting, Williams, and Wood

SB 350 (de León) – Arbitrary Fuel-Reduction Mandate

Prior to amendments made on the final day of the legislative session, this bill would have required a reduction in the use of transportation fuels by at least 50 percent by January 1, 2030, along with a doubling of the energy efficiency of existing buildings, and an increase in the mandated procurement of electricity produced from renewable sources from 33 percent to 50 percent. CalTax opposed the bill because it would increase the cost of living and doing business in California, exacerbate competitive disadvantages among in-state businesses, and put certain California businesses at a competitive disadvantage relative to out-of-state businesses.

CALTAX POSITION: Oppose

STATUS: Old version dead, new version signed

VOTES: Senate Floor – June 3

Asm. Utilities & Commerce – July 6

Asm. Natural Resources – July 13

Asm. Appropriations – August 27

Coauthors: Assembly Member Williams,
Senators Allen, Hancock, and Monning,
McCarty

SB 591 (Pan) – Tax Increase on Smokers

This bill would impose an additional \$2 tax on every pack of cigarettes purchased in California. CalTax opposes the bill because it would base ongoing government spending on a declining source of revenue, would impose a massive tax increase that would hit poor Californians the hardest, and would exacerbate the problem of criminals smuggling cigarettes into California.

CALTAX POSITION: Oppose

STATUS: Senate inactive file

VOTES: Sen. Governance & Finance – April 22

Sen. Health – April 29

Sen. Appropriations – May 28

Coauthor: Assembly Member Bonta

SB 681 (Hill) – Tax Increase on Targeted California Businesses

This bill would impose a tax increase that would disallow legitimate business deductions for gas corporations regulated by the California Public Utilities Commission when determining corporate tax liability. CalTax opposes the bill because it would discriminate against a small group of taxpayers, and would break California's conformity with federal tax laws that allow deductions for ordinary and necessary business expenses, including the payment of monetary damages in legal cases.

CALTAX POSITION: Oppose

STATUS: Rejected by Senate

VOTES: Senate Floor – September 3

Coauthor: Assembly Member Mullin

SB 684 (Hancock and Leno) – Tax Increases for Targeted Businesses

This legislation would increase taxes on corporations whose highest-paid employees earn more than the authors deem appropriate. CalTax opposes the bill because research shows that a corporate tax increase burdens both shareholders and labor, and because higher corporate tax rates put California companies at a competitive disadvantage with companies in other states.

CALTAX POSITION: Oppose

STATUS: Sen. Governance & Finance

SB 789 (Wieckowski) – Water Tax

This bill would have authorized local public water suppliers to impose an excise tax on "excessive water users," who are undefined in the bill, at a rate not exceeding 300 percent of the purchase price of water. CalTax opposed the bill because it was regressive, contained vague and unclear language, and promoted excessive taxation.

CALTAX POSITION: Oppose

STATUS: Sen. Local Government

ABX1 8 (Chiu and Bloom) & SBX1 7 (Allen, Benjamin) – Tax Increase on Diesel Fuel

These bills would increase the sales and use tax rate on diesel fuel from 1.75 percent to 5.25 percent. CalTax opposes the bills because a large increase of a regressive tax on diesel fuel is the wrong approach to fund transportation infrastructure. The state should examine ways to streamline the regulatory process and improve the efficiency of California's road-repair efforts to give taxpayers more bang for each buck before asking for more revenue.

CALTAX POSITION: Oppose

STATUS: ABX1 8: Not assigned to committee;
SBX1 7: Sen. Appropriations

VOTES: Sen Transportation and Infrastructure
Development – September 1

SBX2 9 (McGuire) – Authorization for County Taxes on Smokers

This bill would authorize county boards of supervisors to impose a tax on cigarettes and tobacco products in the county, including unincorporated areas, with no guidelines or restrictions on the tax rates that may be imposed. CalTax opposes the bill because it would open the door for a tax that obstructs opportunity for low- and middle-income taxpayers, and because local taxes on tobacco would exacerbate the problem of criminals smuggling cigarettes into California.

CALTAX POSITION: Oppose

STATUS: Assembly

VOTES: Senate Floor – August 27

Coauthors: Senators Hernandez, Leno,
and Liu

ABX2 16 (Bonta and Thurmond) & SBX2 13 (Pan and Hernandez) – Tax Increases on Users of Tobacco and Electronic Cigarettes

These bills would impose an additional \$2 tax on every pack of cigarettes purchased in California, and would impose tax on electronic cigarettes. CalTax opposes the bills because they would base ongoing government spending on a declining source of revenue, would impose a massive tax increase that would hit poor Californians the hardest, and would exacerbate the problem of criminals smuggling cigarettes into California.

CALTAX POSITION: Oppose

STATUS: ABX2 16: Asm. Public Health &
Developmental Services;
SBX2 13: Sen. Public Health &
Developmental Services

SBX2 14 (Hernandez) – Tax Increases on Tobacco Users and Managed Care Organizations

This bill would impose an additional \$2 tax on every pack of cigarettes purchased in the state, with an equivalent rate also imposed on other tobacco products and electronic cigarettes. The bill also would impose a managed care organization provider tax on health plans, with different rates based on enrollment. CalTax opposes the bill because it would base ongoing government spending on a declining source of revenue, would impose a massive tax increase that would hit poor Californians the hardest, and would exacerbate the problem of criminals smuggling cigarettes into California.

CALTAX POSITION: Oppose

STATUS: Senate

VOTES: Sen. Appropriations – September 10

Sen. Public Health & Developmental
Services – September 10

SCA 5 (Hancock and Mitchell) – Split Roll

This constitutional amendment would remove the protections provided under Proposition 13 for commercial and industrial property owners, and would create a split-roll property tax system.

CalTax opposes the proposed constitutional amendment because commercial and industrial property owners would be singled out for tax increases, property owners no longer would be treated uniformly, and the tax increases would harm the state's economy.

CALTAX POSITION: Oppose

STATUS: Sen. Governance & Finance
